

TT7493904TOOL Foam gasket for large pop-locks

Adhesive foam gasket for use with our premium pop locks. This product is designed to be used as a waterproof seal on our pop locks when installing them to uneven materials like checker or propeller plate and is most commonly used for tool boxes to provide the best seal possible against water and the elements. This is a I.R.S. product made with TESA® brand gasket tape and is made to specs to fit I.R.S. brand pop locks.
