

TT7493904TOOL Foam gasket for small pop-locks

Adhesive foam gasket for use with our premium pop locks. This product is designed to be used as a waterproof seal on our pop locks when installing them to uneven materials like checker or pro-peller plate and is most commonly used for tool boxes to provide the best seal possible against water and the elements. This is a I.R.S. product made with TESA® brand gasket tape and is made to specs to fit I.R.S. brand pop locks.

Code	Description
TT7493905	Adhesive foam gasket for use with I.R.S. brand of pop locks.
