

RUBBER FENDERS

A2

'D' FENDERS

 <p>RE1830BK</p>	 <p>REN6</p>	 <p>REN440</p>	 <p>REN441</p>
 <p>REN442</p>	 <p>REN554</p>	 <p>REN4L4C</p>	

Fender rubber is used to lesson shock or damage to wharfs, boats/ships. It's also used within the transport Industry as a buffer on the backs of truck or loading bays.

I.R.S can make fender to suite your requirements. Please ask our friendly team. We can also make Tug Fender to your requirements.
