

# TEST REPORT

Name: Wide ribbed rubber mat

Specs: 5mm\*2m\*10m

Color:Black

Brand: IRS Wide Ribbed Mating

Test date: 8 Jan 2022

Test temperature: 25°C

Relative humidity: 35%

Test by: GB/T5574-1994

Correlation criterion:GB/T528-1998 GB/T3512-1989 GB/T531-1992

| Test item                                | result            |
|------------------------------------------|-------------------|
| Shore A hardness degrees                 | 65-75 shoreA +/-5 |
| Tensile strength at break                | 4MPA              |
| Elongation at break change               | 250%              |
| Anti-slip                                | Good              |
| Specific weight                          | 1.45g/cm3         |
| Temperature range                        | minus 30 to 85 °C |
|                                          | 70°C ×72h         |
| Percentage change in tensile strength    | ≤25               |
| Percentage change in elongation at break | ≤35               |
|                                          |                   |
|                                          |                   |
