Styrene-Butadiene Rubber (SBR)

Test Report

Name: Coin rubber mat

Specs: 3mm*1.2m*10m

Color:Black

Brand: SBR - synthetic rubber

Test date: 25 May 2022

Test temperature: 25°C

Relative humidity: 35%

Test by: GB/T5574-1994

Correlation criterion:GB/T528-1998 GB/T3512-1989 GB/T531-1992

Test item	result
Shore A hardness degrees	65shoreA
Tensile strength at break	4MPA
Elongation at break change	250%
Anti-slip	Good
Specific weight	1.45g/cm ³
Temperature range	minus 30 to 85 °C
70°C×72h	
Percentage change in tensile strength	≤25
Percentage change in elongation at break	≤35
