Precautions For Use

Exposure Limits: Not Applicable

Ventilation: None required under normal conditions. Ventilation required where material is processed flame or hot cutting wires

Protective gloves: Not required

Eye Protection: None required

Flammability: The material should be kept away from sparks, open flame & excessive heat. Smoking should be forbidden in areas where material is stored or processed. Foam may burn rapidly with high heat & evolution of black smoke. Flammability ratings of small scale laboratory tests are not to be taken as an indication of the material's behaviour in an actual full-scale fire

Safe Handling Information

Storage & Transport Maintain adequate sprinkler protection where large volumes of foam are kept e.g. warehouse, fabrication areas & storage rooms. Check for compliance with insurance regulations, local building codes or other legal requirements.

Spills & Disposal Waste may be baled or shredded for re-use. Dispose of in Land fill or incinerate as required by local or state regulation.

Fire or Explosion Hazard If ignited, the material may melt, producing flammable liquids. Burning produces toxic gases, such as carbon monoxide, oxides of nitrogen & hydrogen cyanide & intense heat & dense smoke

Extinguishing Media Dry chemical, water & carbon dioxide. Wear self contained breathing apparatus
